The Better Blind—The Clear Winner

By Northern Shade Solutions

Australian life has always been synonymous with outdoor living. With many homes, restaurants, cafes, and schools having wide verandahs, patios and pergolas to enjoy the warm sunny days, however being impractical during the winter months and rainy days.

Until Now! With the Better Blind System enclosing that outdoor area is simple and easy. This system is conveniently rolled up and down, with no ropes, pullies or zips, by one person in a matter of seconds. Made from advanced plastic polymers providing optical clarity, unmatched by other options and sure to last many years without discolouration. When it comes to choosing a PVC blind you'll find there is one clear winner!

75 mm UV Stabilised, Fire Rated PVC Film

Aluminium Powder Coated Tracks

63 mm Spring Loaded Roller

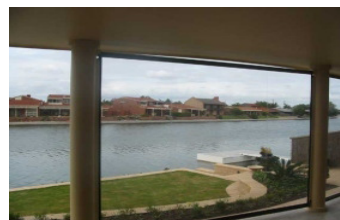

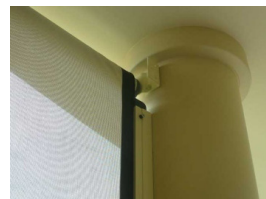

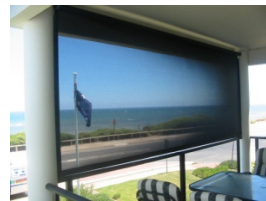

All blinds made to measure, clear, tinted, solid or mesh options

Over 30 Colours available

Won't rot or mildew
